

Social Media Reporter

As a social media reporter, you go from performance to performance to capture and provide visual content that can be used on our social media accounts.

There are 24 hospitality establishments participating in the Café Theater Festival 2022. Each location has one performing artist/group, and they each perform between eight and ten times during the weekend. Each location has a volunteer assigned as a location manager that will be able to answer your questions about the location and the performance.

Fast And Furious

Whereas photographers are there to document the performances and the rest of the festival for the future, you are responsible for the fast content.

You take photos and videos of all kinds of things that are going on at various locations and performances. You can capture the hustle and bustle of the location, the volunteers, the crowd and performances.

Upon arrival at a location, collect information about the performance from the location manager and make sure the performers are aware of your presence.

Within this position there is a lot of room for your own creativity.

You send the content, photos and videos (max. 1 minute) to your contact person within the organization. They will release the content via the social media accounts.
